## “Machinery” Directive 2006/42/EC Manufacturer’s Declaration

**CY.PAG.** declares that pneumatic cylinders and their mounting accessories cannot be defined as “machinery” or “partly completed machinery” and they are not covered by the EC “**Machinery Directive**” **2006/42/EC**.

Our pneumatic components are manufactured according with the requirements of standard **ISO 4414** "Pneumatic fluid power - General rules and safety requirements for systems and their components". A CE marking is not required, but they are provided with a manual of use and maintenance instructions.

Cy.Pag. products, intended to be included as components in a machine to which directive 2006/42/EC applies, cannot be put into service before the machine itself has been declared to comply with the essential requirements of the Directive 2006/42/EC.

Morbegno, July 2023

President

Adriano Pagni
